11/29/12 Emailing ARS.cm 1/10/13 Emailed S. Earl to ship to D. Watkins for inspection. Called Wilson for additional info on the incident. He said the safety was on, and he touched the safety to move to fire and just the touch caused it to fire. It had not moved to the fire position. He had not pulled the trigger prior to that while the safety was on.cm 1/24 The firearm was returned to Ilion since the address they listed was wrong. I gave them the correct address for E-town and asked them to ship it. On 1/28 it still had not shipped so I asked that they ship it one day air.cm 2/7 Rec'd 2nd inspection info from Watkins. The claimed defect could not be duplicated.cm 2/8/13 Called but Wilson not home. I told his wife that I would send an email with inspection info.cm 2/13 Emailed Wilson letting him know the rifle was on hold as I waiting to hear from him bcfoc I shipped it back.cm 2/14 Spoke with Sid, he would like the rifle returned as received with an examination letter.cm

**Name:** Sid Wilson

**Firearm:** M700 SPS Tactical with Hogue Stock (84207)

**Caliber:** .308 Win

**Serial Number:** G6702647

**DOM:** 10-26-2007

**Owner:** Sid Wilson

**Description of Incident:** 11/29/12 Per call from Wilson, his 700 SPS Tactical fired when he went to unload it. He was standing outside his pick-up and it fired through the floorboard and transmission. He said the safety was on, and he touched the safety to move to fire and just the touch caused it to fire. It had not moved to the fire position. He had not pulled the trigger prior to that while the safety was on.

**Items supplied for examination:** The incident M700 SPS Tactical rifle.

**Present for the examination:** Derek Watkins

**General Condition:** Overall the condition of the rifle was good, with some signs of slight wear on the barrel and bolt.

**Conclusion:** The claimed failure of the incident rifle discharging without a trigger pull could not be duplicated. The rifle was subjected to function testing at 75F and -29F, with the rifle only discharging when the safety was in the "Fire" position and the trigger was fully pulled. The rifle was disassembled and inspected; no manufacturing or design defects were found. The incident rifle was found to be in specification and functioning properly.

**Ammunition Used:** N/A

Respectfully submitted: 15 February, 2013

Please send your firearm back via a traceable method of shipping to the address below.

This Service Request number is only valid for this return.

Please follow these guidelines:

- Include a copy of your proof of purchase to assist in the evaluation of your repair
- Record your serial number for future reference
- Remove any accessories (sling, scope, scope mounts, case, etc.) unless these items are needed to assist in the evaluation.
- Properly package your **unloaded** firearm. Do not ship in your hard case (note: Original boxes are not returned with repair)
  
- **Do not send live/loaded or spent ammunition with your firearm.**
- Please package the ammunition in a secure carton or box.
- The package should be stuffed to prevent movement.
- Include service request number.
- Shipment of live ammo must be via U.P.S. only.
- Please advise your local U.P.S. mailing center of the contents so that a special Other Regulated Materials-Domestic (ORM-D) label can be applied.

Please let us know of any address change requests by email or phone. Our returns process will take approximately 2-3 weeks to complete and a confirmation email will be sent once we have shipped your firearm.

Should you have any further questions or concerns please don't hesitate to contact us via email ([info@remington.com](mailto:info@remington.com) <<mailto:info@remington.com>>) or by phone at 800-243-9700, M-F 9am - 5pm, EST. We look forward to helping you resolve this issue!
