RE: Evaluation/repair of rifle

Hello,

Enclosed you will find one Model 710 rifle in .30-06 Springfield caliber, serial number 71014864. I am sending this item to you at the request of the owner. He purchased the rifle several years ago and earlier today while his son was closing the bolt over a loaded cartridge the rifle fired. The boy had the butt of the rifle on his thigh and was holding the forend in his left hand while he closed the bolt. Neither of his hands were anywhere near the trigger or safety when the discharge occurred. The gentleman has a nice hole in the roof of his house as a result of the situation. He would like you to assess the item to determine what the problems are and make the necessary corrections.

I would appreciate acknowledgment of receipt of this item, and an estimate of how long it will take to make the required repairs. If you have any questions in regard to this matter please don't hesitate to contact me.

Thank you,

Mel Reitz
