Subject: RE: Kevin Krienke - Remington Ref. # 9606

Good morning,

I apologize for not being able to return your phone call.

Based on our exam the quote to repair is appropriate. We did not find a manufacturers defect.

As a gesture of goodwill, the shipping charge and the testing charge have been removed.

The quote is for a new trigger so the firearm will be back within factory specifications and the discount on it is 50%.

The quote is \$53.33.

Sincerely,

Dell Fulcher | Consumer Affairs Administrator Remington Arms Company, LLC PO Box 700, Madison, NC 27025-0700

I called today to discuss this with you, but I will send an email since I didn't hear back from you. I never messed with any of the set screws on this rifle and the poundage on the trigger shouldn't cause the sear to disengage when the rifle is taken off safety. This trigger issue ruined my hunt and wounded an animal due to the malfunction and could have killed someone. All I am asking is for y'all to fix the issue free of charge on a trigger that has had numerous issues and lawsuits. I am not asking for much. If this can't happen then just send my rifle back and I will figure something else out. I would think y'all would want to remove y'all's liability from the issue by just fixing it. Thanks and I look forward to hearing from you

Good afternoon,

Please see attached quote to repair.

Our exam found the trigger was dirty, sluggish and the trigger set screws had been altered outside of the factory.

Sincerely,

Enclosed is a prepaid UPS shipping label to cover shipment of your firearm to our factory. This shipping label is for a UPS Hub or UPS Terminal or a UPS driver can scan the label and ship the package for you. A box will arrive separately.

Please include a copy of this letter and service request to put inside the shipping container. The letter and service request inside are important as sometimes the outside label gets damaged in transit and we want to be sure the firearm is logged in correctly. Mark the ends of the box with "Product Service". Product Service will be inspecting the firearm and will contact me with the results.
