It happened two years ago. I was at the range with the gun in a lead sled to sight in. I was loading one round at a time. I closed the bolt on a round and the gun fired without me touching the trigger. My hand was still on the bolt. I have not fired the gun since. I purchased the gun used. My phone is 573-690-0078.

Good afternoon,

Christy no longer works in Consumer Affairs.

I was forwarded an email with your address and the serial number of your rifle.

Please reply back to the following questions.

1. Do you have a date of the incident or a timeframe of when the misfire occurred?
2. What exactly happened when you say Misfire?
3. Did you purchase the firearm new or used?
4. What is your daytime phone number with the area code?

Once I hear back from you, I will send you a pre-paid shipping label for a UPS Hub or UPS Terminal and Service Request paperwork so the firearm can come into our factory for exam.

Sincerely,
