Repair Facility

RE: Repair of Weapon

From: Mikel Glaspie

I am sending this weapon in for repair, due to it's unsafe condition.

It appears to release the firing pin when chambering a round. This condition has occurred on several occasions both in the field and at the range.

I have found everything else satisfactory and a pleasure to shoot.

Please contact me if not covered by the warranty or requires extensive repair!

Mikel Glaspie 303 Shannon Trail Davenport, IA 52804
