MAIN FAULT

Sear sticks in down position after firing - 5 ear gummed up at right sear causing it to bind in housing - does not appear that gun has ever been taken down for cleaning. Request Exchange Trig. Assy. at N/C due to poor new condition.

PARTS

Trig Assy.

COMMENTS

Trigger pull 3 3/4 LBS as recd.

See owners manual for proper care and maintenance.

May 26, 1997

Attention: Please pass on to whom it may concern,
As to our conversation a while back I am
sending this gun back to be either repaired or
replaced as you said to.

Problem with gun - when closing the bolt on
this gun it will automatically fire.
Each and every time the bolt is opened
and closed the firing mechanism goes
off -

Owner of Gun - George W. Humphries
