I contacted your office two weeks ago.
I have not had a reply since.

I purchased a 300 magnum model
700 New in 1972.

I immediately had a problem with
1 safety. I returned the rifle to Kitting
trading Post where I purchased it. I
had only fired 4 rounds. They repaired it
right there at that time.

I went to Newfoundland Moose hunting
When I loaded it I had a problem
with the safety. They fixed the problem
last time I loaded it it discharged
cutting two fingers and my eye.

I have never had a recall on this rifle.
This is the one they have had problems with
before. IT appeared in 60 minutes.

I would appreciate some kind of answer
I think.
