Dear Sir:

Please repair or replace our customers rifle. Customer was out deer hunting and saw some deer when he tried to get it off safety. He forced it off and when he did the gun fired, busting his thumb and his hand, and the safety broke off. Luckily this 's the only injury to our customer. Please check it for the reason the rifle fired when it was taken off sa fe. Customer did not get the deer. Please check it out completely.

Thank you very much for your co-operation.

P.S. If you need any more information
Please call us. 409-743-3245
Thanks

Sincerely
