*Letter to RARC's*

January 14, 2003

To: Remington Arms Repair Centers  
From: Dennis J. Sanita  
Re: **Remington Bolt-Action Safety Modification Program**

Remington Arms will be extending its **Safety Modification Program** for certain pre 1982 bolt action firearms **through December 31, 2003**.

Attached is a copy of our January 2003 announcement. Please continue to use the guidelines and instructions mailed to you in March of last year.

New updated Safety Rebate Coupons are being printed and will be mailed to you shortly. Continue to use the Rebate Coupons you have and inform the customer that the expiration dates have been extended.

Thank you for all your help with this program.

Sincerely,

Dennis J. Sanita  
Manager Consumer Affairs
