SUBJECT: M/721-722 TARGET TEST

Confirming our conversation of June 2nd, effective as of June 3rd please set up the following procedure for targeting M/721-722 rifles in order to gather data on accuracy:

1. All regular unit guns to be included (to be shot by Gallery men).
2. Top winner shoots in jack - run up another target.
3. Shoot one 5-shot group.
4. Secure target.
5. Record gun number and caliber on target.
6. Turn all targets into Quality Control office.
