TO: S. M. Alvis
FROM: J. F. Finnegan
SUBJECT: INTRODUCTION FOLDERS - DISCONTINUANCE
OF RAM OIL ADVERTISING

Our present folders for the M/11-'48 22-gauge, carries copy and photo on the back cover concerning Ram Oil. Information has been received from R. C. Gilbert that the production and shipment of Ram oil is to be discontinued before the first of next year. A replacement product or advertisement will be needed and possibly Sales has one in mind which could be used.

In the meantime, we will arrange to omit all reference to Ram oil in our present folders or in any folder which may be prepared or revised in the future.
