Remington Arms Co. Inc.
Bridgeport 2
Conn.
U.S.A

Dear Sirs,

We take the liberty in approaching you regarding the Remington Model 40X Rifle, which we imported from you a few months ago.

As you most probably know, the target shooting sport is quite on a high standard, and our national team had a good score at the Olympic - games at Helsinki. The first class shooters are mostly equipped with Finnish-Lion (Schutzer) or Swiss-Hammerly Schutzer and we are thinking to introduce the 40X Rifle in our market in order to compete with the above.

We include hereby a letter with drawings from one of our customers Capt. Benjamin Naiman, 25 Pinsker Str. Petah-Tiqva, Israel, who has got some remarks regarding the trigger action of these rifles. We will be much obliged to you if you will check his suggestions and you will inform us your comments.

The reason for our great interest in this case is that this Captain is one of the best shooters and his opinion will count for the future introducing of the 40X Rifle in our market.

We hope this letter will not be considered by you as intruding as we are acting in this case for our mutual benefit.

We are thanking you in advance for your kind attention, we beg to remain,

Yours Faithfully

ZINIUK CO. LTD.
