

- 5
16. Rifle type sights on shotgun barrels.
  17. Over and under type shotgun based on S-58 and 11-48.
  18. Low cost "Fold and Tote" camper's .22 single shot rim fire rifle.
  19. Low price 410 gage on M/572 chassis or other R.F. chassis.
  20. "Do it yourself kit" low cost rifle R.F.
  21. "Routledge" type 22 cal. shot shell rifle.
  22. Market stripped down M/721-722 actions.
- c. Sales stimulants
1. New improved floating vent rib for shotguns.
  2. Consider further promotion of shotguns fitted with compensators as standard to Remington line.
  3. Consider further promotion of shotguns fitted with variable choke devices as standard to Remington line.
  4. Market rifles with scopes attached.
  5. Vent rib for C.F. rifles.
  6. Low cost wire gun rest for open field shooting, at chucks, etc. Varmint caliber guns.
  7. Low cost wire trap for open field shotgun practice shooting. Also small quantity of non-frangible target birds.
  8. Market non-frangible target birds for hand trap use.
  9. As a sales stimulant consider making available a rifle with extra barrel at extra cost but part of a package deal - one barrel for a good game cartridge and a second barrel for a good varmint cartridge like our .222.
  10. Ditto above on shotguns 30" full choke and a 26" improved cylinder.
  11. Free targets in form of animal cut-outs - squirrels, woodchucks, etc., packaged with gun, etc.
