M/700 BOLT ACTION CF RIFLE - PROJECT

Subsequent to your advice this morning, understand that R.A. Morris has obtained further breakdown for distribution for the quantities and prices which are in line with your earlier message; i.e. first and third years 18,000 A-Grade at \$99.95 and 7,000 ADL-Grade at the present \$139.00 price, to compare with the "before" distribution would be a total quantity of 15,000 rifles distributed between the 3 current models. (Believe R.A. Morris has this.)
