DON'T SAY IT—WRITE IT

DATE October 16, 1961

HW
TO S. M. Alvis

FROM J. W. Miller

MODEL 700 - BARREL BRACKET

If the designer can write a specification for tensile, yield, impact, and ductility, we can try to supply test slugs. Until specifications are written anything that is made can be rejected for one reason or another.

JWM:ml

*OK for SMT
JWM*

THERE IS A SAFE WAY; DO IT THAT WAY
