Illion, New York  
October 28, 1952

A. J. BROWN

MODEL XP-100 - PILOT OPERATIONS

The following two firearms are being turned over to Planning for shipping to Bridgeport:

Serial No. 1053

to E. J. Garrity  
Sales Department

Serial No. 1087

to J. H. Lewis, Jr.  
Patent Department

These were taken from the pilot lot which has just been tested. Letter from F. E. Morgan to the Order Department dated Oct. 24, 1952 requests that the samples provided be charged to consignment account of Mr. Garrity, and telephone request yesterday to W. E. Leek covers the use of Pistol, Serial No. 1087, for patent purposes.

Each of the above items was withdrawn and signed for by N. S. Thompson, who should now be relieved of accountability for same.

SMA:T

S. M. Alvis, Manager  
Illion Research Division

Note to E. J. Garrity: In order to facilitate temporary packaging, we are placing both of the samples in a single container and addressed to you. When unpacked will you please arrange to deliver proper sample to Mr. Lewis.
