OFFICE - F. E. MORCAN

- 1- Well balanced
- 2- No difficulty in extraction or closing the bolt on factory loads. Some difficulty on hand loading due to not have a re-sizing die. This was remedied after getting one.
- 3- Trigger pull is excellent.
- 4- Accuracy is good.
With a scope Excellent!
- 5- In order to bring out the inherent accuracy this gun is capable of producing -
It is an absolute MUST to be shown with a scope.
The 256 Ruger is being shown this way -
