a Law Enforcement Weapon

Dear Wayne -

When we shot the XP100 a year ago I believe  
you had a model with a clip.

I believe we have a good Law Enforcement  
weapon in this XP100 - But it must have a  
clip or magazine.

How about putting a magazine in the  
pistol grip? In other words - feeding like  
the bolt action 700. - Another selling point is  
LIGHTNESS OF BULLET - LESS RICOCHET POTENTIAL,  
VERY GOOD & IMPORTANT IN LAW ENFORCEMENT THINKING.
