M. (f. [unclear]) DON'T SAY IT - WRITE IT cc: T.R. Frye

DATE Feb. 19, 1964

TO W. E. LEEK
FROM S. M. ALVIZ

Just talked with Tom Frye about results of shooting with his M/600 in 308 Caliber. This same rifle was giving the 3" and 4" groups. It seems that he had the stock glass bedded and this pulled in the groups one inch, using 130 grain Speer bullets loaded with 43 grains of Hi-Vel-2 powder.
