*File Copy*

To J. B. MAUPIN - Bridgeport

DATE July 27, 1963

FROM S. M. ALVIS - Ilion

Sometime ago G.M. Calhoun passed along your memo of July 18th together with J.E. Millhofer's comments on proposed clip magazine for the Model 700. In the meantime the rifles have also been returned.

After discussions with Merle Walker and others we concluded it best to suggest that perhaps should wait for availability of a proposed new bolt action rifle which is designed to have box magazine.

It seems that in order to move further into tooling required to provide box for the Model 700 would impose prohibitive cost when spread over the relatively small quantity of rifles involved for the Canada trade.
