SUBJECT: INQUIRY FROM JAMES KENNELLY via N.R.A. ON
MODEL 700 BDL 22-250 CALIBER

Dear Mike:

Attached is some correspondence I received from Bud Waite of the American Rifleman in reference to trigger pull in the Model 700 and the possible installation of a 40X trigger in the 700.

Would you please fill me in on the details so that I can properly answer the customer with a copy to the N.R.A.

Many thanks.

*The 40X trigger is
be installed in the 700. It requires
adjusted and tested, it should be
safe to use as the 40X. Many
also must consider the condition
therefore a 1st trigger needs to be handled*
