FROM:

T. C. WILLIAMS

Dear Sam:

The Model 600, Serial Number 70971 has been delivered to Rudy Etchen for final delivery to General Mellon. Rudy had the gun originally and it was requested that I return it to him.

In a 'phone conversation with Rudy today, he informed me that the General was picking the gun up this afternoon. I am sure everything will be satisfactory and the General will be pleased with the performance of the firearm.
