MODEL 700 BDL BOLT ACTION RIFLE

Marketing was asked to furnish an order of Model 700 BDL rifles without Sights and Barrels without Sight holes. The order would be not more than five (5) of the popular calibers and not less than one hundred (100) per caliber.

The quoted price would be that of the regular BDL rifle. I indicated that this could be done; however, the rifles would be special.

*3/11
asked Rte to
avoid it if possible*
