DATE March 17, 1972

TO F. E. MORGAN

FROM S. M. ALVIS

MODEL 700 BDL - Left Hand Rifle

Question was raised at the meeting today regarding the designated calibers. I checked and found these to be apparently correct; namely, 30-06, 7mm and 270 Win. Operations Committee Minute #15 of September 1971 indicated that Research requested further review with Marketing as to calibers to be offered and this would be done and included in the Development Schedule. The Development Schedule of October 1971 was established for the 3 calibers as described and authorized by the Committee and Management.

If there are to be any further additions, suggest you move rapidly.
