SUBJECT: NEW ORDER NUMBERS FOR ALL M/700 RIFLES FOR 1974

Considerable changes are planned for the M/700 rifle line in 1974. Although the BDL grades will reflect the greatest change, there will be noticeable differences in the ADL grade also.

In an effort to obtain maximum marketing benefits from this upgraded model line, we propose new order numbers for the entire line. Therefore, as per our recent phone conversation, we would like to have the attached new numbers assigned to the M/700 for 1974. Inasmuch as the 6.5mm Rem. Mag. and 350 Rem. Mag. specifications will be discontinued in 1974, no new numbers have been requested.

If these numbers are agreeable, please issue notice to those involved at both Bridgeport and Ilion.

A handwritten signature in dark ink, appearing to read "H. D. Albough", with a long, sweeping flourish extending from the end.
