Table 16
Checkering*

Model_	Total Sample (50)	Houston (24)	Atlanta (11)	Detroit (15)	Lever Action (20)	Bolt Action (24)
Q	56€	58%	73%	40%	62%	50%
T	42	38	27	6 C	38	46
No choice	2	4	-	•	-	4

^{*}In the case of this characteristic, only two models had a checkering feature, therefore, the net scores were not meaningful. Percentages in this table refer to the number of people who felt that model was the better of the two.
