To E. HOOVER JR.
From R. L. HALL

Date March 6, 1979

At present, we have on the Plant at Ilion the following customers' guns, which have been returned due to the Model 600 recall:

Model 721-722	34
" 725	1

Since these obsolete models have been out of the line for some time, no further trigger assemblies are available. At present, no other approved method is available for correcting fire controls in these models.

Attached is a sample letter used by Marketing requesting the return of these guns. Also attached is a copy of a letter from E. F. Sienkiewicz to E. G. Larson proposing a change in the letter concerning the return for repair at no charge.
