SUBJECT: Proposed Specification for LWBA (Light Weight Bolt Action) Rifle

-----

An artist rendering incorporating the following features as discussed is being prepared. It is hoped that it should be available for viewing by February 20, 1981.

- I. Restyled Receiver Assembly
  - A. Barrel contour
  - B. Receiver configuration
  - C. Improved finish
- II. Restyled Stock
  - A. Grip cap and butt plate
  - B. Contour
  - C. Checkering pattern
  - D. Different wood and finish

## III. Detachable Magazine

It is also felt that action smoothness and improved feeding will also be realized from this new design.

It is planned that investigation and design of this model will include new and/or discontinued calibers.
