SUBJECT: USMC INQUIRY - MODEL 700

Following up on our phone conversation, attached is a copy of Norm Wilson's letter covering the recent Marine Corp. inquiry. At this point no action is required, but it might be helpful to review their requirements versus a similar rifle we provided in the late 1960's. Of particular interest is their requirement for stainless steel.

Please review and we can discuss in more detail as required.
