"CONFINE YOUR LETTER TO ONE SUBJECT ONLY" _____

File # 74
July 29, 1981

TO: T. L. CAPELETTI
FROM: F. E. MARTIN
SUBJECT: M/40XR SILHOUETTE RIFLE

A proto-type rifle has been assembled from standard parts to meet the rules of rim-fire metallic silhouette shooting. The parts used were:

- M/40XR barreled action complete
- M/700, short action stock altered to:
 - Accept a heavy barreled action
 - Eliminate magazine inletting, grip cap, and fore-end tip

The rifle was assembled using standard tools. Eleven more samples will be assembled when barreled actions become available. This will be approximately September 15.
