SUBJECT: FBI - WINCHESTER M/70

Lester Limerick today requested a test and evaluation consignment of our Model 700 Varm. BDL 308, as a candidate rifle to supersede the Model 70 Winchester as the FBI's counter sniper heavy rifle. They already are using our .223 Varm. BDL rifle. They are contemplating a change-over to our 308's since U.S. Repeating Arms has declined to give the FBI a commitment to supply 60 Model 70 rifles in 1982.

A PCT has been initiated.
