

Stock/Exterior Components

This rifle is S&W's Deluxe version and is made of American walnut and has skip-line hand checkering. The Deluxe also comes with a Monte Carlo comb and cheek piece. A black plastic butt plate and white line spacer is attached to the stock by two screws. The black plastic grip cap comes with a white line spacer and has a silver and blue "S&W" logo insert. This Deluxe stock also comes with swivel posts and quick detachable swivels. The recoil shoulder has a green epoxy reinforcement imbedded in the wood. (Photo #10)
