Per your request, the following incremental costs for the Model 700 restyle and the Model 700 carbine have been developed with the cooperation of the Production Department, using 1983 forecast year as a base.

Included in the incremental costs for the new style gun is the additional cost (\$567M) associated with the restyling of 72,195 ADL and BDL guns included in the present operation column. If you have any questions, please contact the writer.
