Dear Paul:

For what its worth, I'd like to say that I was absolutely flabbergasted and smitten with your Model 7. Its in very good taste aesthetically by a gun connoisseur's standards; deviating from what might be considered conventional, or normal, just enough to be highly interesting. Its approaching, if not indeed, trend setting and some comments I guess I made relative to Winchester and Ruger squirming weren't merely rhetoric but heartfelt and sincere.

I suppose I have to be a bit presumptuous to say so but my advice would be to take the ball and run.

I enjoyed my stay and tour of the plant immensely. Very educational in so many ways. I was glad to see you and Tom again and will look forward to seeing you both at Philadelphia.

Best wishes,
