**DON'T SAY IT—WRITE IT** XC: J. P. Linde

To J. W. Brooks, C. E. Ritchie

Date 3/17/82

From G. J. Hill *GJH*

*File M700 Bolt Lock*

M/700 GUNS RETURNED TO PRODUCTION FROM RESEARCH

Please route all returned M/700 from Research to plant thru G. J. Hill.

REASON:

Most guns in Research test lab have the "Bolt Lock" on safety and guns currently produced to warehouse are new - without bolt lock on safety. This will prevent any problem if routed thru P E & C.
