

DON'T SAY IT—WRITE IT

To B. J. Tilly Location _____
From Clark Shirkman Location _____ Phone No. _____
Subject Attached Date 6/20/83

I have not yet contacted Phil Haskell.
Next time I am in Bridgeport, we may want to
have lunch with him.

In reference to the "no bind follower" (attached)
This patent pre-dates our use in the model eleven
but we have records showing that John Brooks
developed this type follower approximately eight
years before Phil's Patent. We also have some of
John's Prototype. (It was developed for a different reason)
however.
