"CONFINE YOUR LETTER TO ONE SUBJECT ONLY" \_\_\_\_\_

June 18, 1984

To: W. H. Coleman  
From: R. S. Murphy  
Subject: Firearms Research Notes for Staff Meeting (Rifle)

Model Seven

Research evaluation of the Model Seven .308 caliber trial and pilot has been completed with satisfactory results.

Model 700 Mountain Rifle

The N/C Shop has begun generating tool paths for the Mountain Rifle stock former.

New Bolt Action

Prototypes and high-spot cost estimates are complete for the new bolt action rifle. A Quarterly Business Review will include this topic on Tuesday, June 19, and a review with Marketing is scheduled for Friday, June 22.

Model 7400

Prototypes of two new magazine boxes are being made for the 7400.
