**Subject:** M/710 Competitive Analysis

Jim:  
 Would you please buy the following guns for a competitive analysis for the M/710 project; 241095. The testing should include, but may not be limited to: accuracy, endurance, intentional abuse, field cycle/bolt vel., drop, slam, rotation, and jar-off. We would like the guns and 30-06 ammo. bought ASAP. We'll discuss the test in detail at a later date. Please schedule a block of time when we can talk about the test and for the analysis itself.

| Qty     | Description                         | NOTE: All Cal. are 30-06 Sprg |
|---------|-------------------------------------|-------------------------------|
| 6       | Marlin MR7                          |                               |
| 6       | Ruger M77 Mark II All Weather       |                               |
| 6 (3/3) | Savage M110GY, M111F Classic Hunter |                               |
| 6       | Winchester M70 Ranger               |                               |
| 160K    | 30-06 Ammo. (Rem.)                  |                               |
