Dear AJ,

We regret you are experiencing a problem with your Model 710.

We would like to speak to you in more detail regarding your inquiry. If you will please contact our Parts & Repair Department with your SERIAL NUMBER, at 1-800-243-9700 Mon-Fri 9-5 EST, our representatives can assist you with this matter.

Thank you for your assistance.

Customer (A J DiPasqua) - 11/15/2005 02:37 PM  
I recently experienced a misfire when loading a shell into my Model 710. The rifle fired when I closed the bolt. Is that a result of the recall item or a separate issue? I've had good luck hunting with the rifle. It is very accurate. But, I am now concerned with it's safety. Would it be possible to get some sort of credit towards the purchase of a different Remington Model Rifle?
