**Subject:** Stoffel

The serial number of the Model 700 for Sgt. Michael Stoffel is G6233651. He called me and told me the following:

It was during a sniper course drop down drill – with a round on the floor plate he closed the bolt and when he grabbed the stock the rifle fired. After the incident they took the action out of the stock and flushed the TA with Rem-Oil. This rifle has the X-Mark Pro trigger assembly. He claims no adjustments to the TA except it was returned to Remington previously to have the trigger pull reduced to 3.5 lbs.
