Subject: New Pictures in Old Presentation
Attachments: Finks X-Mark Pro Only revised.ppt; How It Works 3-26-08.ppt

John,

Attached is your old presentation with new pictures loaded into it. I also added a slide at the end that shows a closeup of the adjustment screw and spring, but I didn't caption it. We can use this as a starting point – let me know what you think and what you'd like to change.

Also, I attached a presentation we put together for Crane regarding the XMP externally adjustable trigger assembly as compared to the SWS trigger.
