Dear Mr. Cole

I am writing this letter after our conversation on Thursday, February 6th regarding the problem I'm having with my Remington model 700 BDL 30.06.

I have had this rifle since December 1989 and not had any problems with it until this past January. The rifle has gone off three times when pushing the safety from safe to fire. Would you please take a look at it to see what the problem is. I have always bought Remington arms and have been very happy with them. I hope you can help. If you have any questions, please call me at 205-639-0425

Thank you,

John C. Baggett
