I concur. In fact, I pretty much said just that in the review I put in our Long-Range Rifles SIP. Since you've got so much time on your hands, I've attached a copy of the text for you to peruse at your leisure. <g>

My schedule at SHOT is much like yours, so I'll give you a call as the crush subsides . . .

See you there,

Dick

PS: Make sure I'm first in line for the Compact Tactical!
