Dear Jeffrey,

Thank you for your inquiry. Below is a link to the safety modification program that we have for model 700 manufactured prior to 1982.

http://www.remington.com/safety/safety_center/safety_modification_program/

i saw a recall on the model 710, i have a model 700 6mm varmint special that does the same thing, accidental discharging as it is unloaded. is this gun on a recall list also or what can i do to remedy this problem.

thanks,

jeff steuber
