Customer (Clifford Wise) 10/18/2007 9:53:44 AM

I purchased a model 710 a couple of years ago and just recently had some trouble with the rifle. The trigger has alot of creep to it and and fells all wrong. The other day I was out shooting it to get ready for hunting season and the darn thing went off just by closing the bolt. I guess what I was wondering is where do I send it to get it looked at?
