Dear Sir,

Do to the recent show on  
Sixty Minutes, and after talking  
to your Customer Service person,  
I am shipping this 700 Pdl  
30-06 to you to be checked.  
ON two occasions after returning  
from hunting and attempting  
to unload the rifle, it went off.  
Not knowing whether I had  
did something or the gun  
malfunctioned, I decided to ship  
it back and have it checked.  
Please explain any problems.  
Would also like any old parts  
returned, if any has to be  
replaced.

Serial No. 6887240
