

**REMINGTON INTRODUCES NEW LIMITED EDITION
 CENTERFIRE RIFLE SERIES - MODEL 700™ CDL™ SF™ LIMITED**

Madison, NC – Remington is pleased to announce the first offering in a new limited edition Model 700 collectible series – the **2006 Model 700 CDL SF (Stainless Fluted) Limited**. In celebration of the 100th Anniversary of the cartridge, this CDL Limited will be chambered in .30-06 Springfield. Commemorative engraving and limited production quantities will add to the collectible value of this new multi-year series.

The introduction of the traditionally-styled Model 700 CDL (Classic Deluxe) in 2004 was a welcome addition to the legendary family of Model 700 bolt action rifles. The CDL combines the handsome appearance of a classic walnut stock rifle with the rigid, highly accurate Model 700 cylindrical receiver design. The new Stainless Fluted Limited offering takes this traditional hunting rifle to a new level.

The Model 700 CDL SF Limited is housed in a satin finished, straight comb American walnut stock with right-handed cheek piece. Enhancing the classic look of the stock are generous cut checkering, black fore-end tip and grip cap. The durable, satin finished 416 stainless fluted barreled action, engraving on the hinged floorplate denoting the 100th anniversary of the .30-06 cartridge and “Model 700 Limited” rollmark on the receiver, set this limited edition CDL apart from the standard offering. Other features include clean 24-inch, hammer-forged barrel; jeweled bolt; four round magazine capacity; recoil-softening R3® Pad; and sling swivel studs.

Whether taken afield or displayed proudly in your gun cabinet, the **2006 Model 700 CDL SF Limited** chambered in the acclaimed .30-06 Springfield is a requisite addition to your gun collection. Following in the footsteps of the 25th and final Model 700 Classic offering, the Model 700 CDL Limited will be available for one year only at a suggested retail price of \$863.
