GUN CONDITION: ☐ NEW ☐ SLIGHTLY WORN ☐ VERY WORN ☐ MISUSED ☐ MARRED

CUSTOMER'S REQUEST: "I moved the safety to the 'on' position and moved the bolt ~~to~~ about 75", the firing pin released..."

MAIN FAULT: Unable to duplicate complaint - many attempts were made to reproduce the above complaint, using dummy ammunition in the chamber - no malfunctions were experienced. The trigger safety assembly operates normally. Trigger pull measured at 5#

PARTS:

Offer to return rifle as-is as is, we can install a new trigger assembly at $\pm$ normal cost, as a gesture of goodwill, & it would better restore confidence in the rifle.
