

MODEL 572 COLOR MASTER SERIES

Production of the original lots of guns is proceeding satisfactorily and the Sales Department will advise the Plant promptly of their detailed plans for original distribution.

The project for additional facilities has been authorized and the Ilion plant will proceed promptly to install facilities to support the Sales forecast.

GENERAL

SIMPLIFICATION OF THE FIREARMS LINE

The recommended simplification (See Minute No. 9) was approved by Management (See Informative Bulletin No. 35). Detailed consideration of this action revealed that no models are being eliminated in their entirety; hence, no explicit provision for the manufacture of spare parts need be taken at this time.
