

Memorandum
Operations Committee
Arms Division

later time will request approval to have four colors in the line simultaneously. Because of the inventory problems involved, it is doubtful that they would ever request approval for more than four colors at one time. The approved component color chart for the Model 572 light weight teal-wing blue is as follows:

Action bar	Chromium plate
Action bar lock	Cadmium plate
Barrel	Teal-wing blue
Barrel lock screw	Chromium plate
Butt plate	Black
Butt plate edge	Light
Butt plate screw	Mottled cyanide
Fore-end	"Sungrain"
Fore-end escutcheon	Cadmium plate
Fore-end nut	Cadmium plate
Fore-end screw	Cadmium plate
Fore-end lock washer	Cadmium plate
Front sight	Gold dip
Magazine pin	Cadmium plate
Magazine tube	Chromium plate
Magazine plug	Chromium plate
Magazine ring	Chromium plate
Magazine screw	Cadmium plate
Open sight leaf	*Blue
Open sight screw	Gold dip
Open sight step	Gold dip
Receiver	Blue
Receiver bushing	Chromium plate
Receiver cover	Chromium plate
Safety	Cadmium plate
Stock	"Sungrain"
Trigger	Nickel plate
Trigger plate pin-front	Cadmium plate
Trigger plate pin-rear	Cadmium plate
Swivel attachment	Chromium plate
Trigger plate	Blue

Blue color to match the receiver is preferred. If it is not possible to provide this, gold dip will be acceptable.
